Senior Services Department to host Annual Mayfest Event

Every year in May, the Senior Services Department hosts our annual Mayfest event in celebration of Older American's Month. Kaiser Permanente, JenCare, and Coventry Health Care have partnered with the Senior Services Department to bring the seniors of Clayton County "Mayfest 2014". Mayfest 2014 is a health and fitness event that connects Clayton County's Senior Adults with health vendors as well as live entertainment, give-a-ways, a competitive fitness walk, demonstrations of fitness classes, and dancing for fitness that gets bigger and better each year. Last year's event was a huge success with over 1200 seniors in attendance. Participants can expect many changes for this year's event, including the Fitness Walk starting at 9 am, vendor booths being opened the entire stretch of the event, and more interactive entertainment from the stage. In addition, sponsorships packages are available for purchase.

This exciting event will be held May 16, 2014 at the Clayton County International Park (The Beach) in Jonesboro from 10 am until 2 pm. A boxed lunch will be served to all participants during the event. Interested seniors may call 770-347-0120 for more information or can contact one of the senior centers directly. This is a free event for senior adults 55 and older; no children are allowed to attend the event. Mayfest souvenir shirts are also available for purchase to wear to the event for seven dollars (\$7).
