

NOTICE TO VOTERS

In addition to the forty-five (45) days of absentee voting by mail **with or without a reason**, voters can now vote in person forty-five days before an election **with no reason**. Voters may now visit the Elections and Registration office (121 S. McDonough Street, Jonesboro) and request to vote early without providing a reason. Voters are also encouraged to take advantage of voting during the week of advance voting (**the week before each election**) at one of our six (6) advance voting sites. Remember, there is no voting the Monday before the election. All absentee, early and advance voting ends the Friday before the election.
