Healthy eyes and clear vision are an important part of your overall health and quality of life. With the rising cost of eyewear you can't afford not be covered through a managed vision care plan. In the Davis Vision program, plan participants are entitled to receive a comprehensive eye exam, spectacle lenses, frames or contact lenses (in lieu of eyeglasses) once every 12 months. A minimal co-payment will apply to these services. A generous retail frame or contact lens allowance is also offered. In-network providers can be found by visiting the Davis Vision website at www.davisvision.com or call 877-923-2847 (client code 7662)
