# Choose HumanaDental benefits

## Be healthy

Good dental health is a reflection of good overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. HumanaDental's Traditional Preferred plan focuses on prevention, providing two exams and cleanings per calendar year.

## Be financially savvy

Your dentist can often detect medical issues before they become severe. HumanaDental's Traditional Preferred plan offers you a long list of covered services to take care of your health and your pocketbook.

## Be successful

Did you know 74 percent of adult Americans believe that an unattractive smile could hurt a person's chances for career success? That's according to the American Academy of Cosmetic Dentistry. HumanaDental's Traditional Preferred plan helps you maintain a healthy and attractive smile.

## My Dental IQ

My Dental IQ promotes routine dental care—not only encouraging good oral health, but possibly helping to reduce total healthcare costs over time.
