Announcing the Clayton County local transportation projects survey!

The goal of this survey is to gather information from you, the resident, as to where you would like to see an estimated \$75.4 million in local transportation funding for Clayton County and its cities directed for local transportation improvements should the Transportation Investment Act (TIA) pass July 31, 2012. The information gathered from this survey will provide important insight when prioritizing which projects will be included for consideration, as well as determining how funds will be allocated.

The survey is online, and will take only a few minutes to complete. Simply click on the link below, or cut and paste the entire URL into your browser to access the survey. If you have a smart phone, you may also scan the QR code located in the upper right-hand corner of this document.

Your input is very important and will be kept strictly confidential (used only for the purposes of research for this project).

We would appreciate your response by **Friday, June 22, 2012**. We also encourage you to pass this information along to a Clayton County friend or neighbor!

Thank you for your time as we work to make a better Clayton County for today and for generations to come!
