

4. We have begun to receive input on Clayton County’s transportation system needs. Please review the needs identified in the table below. Please mark the level of priority as low”, “medium, or “high” for each need both today and as you anticipate the level of priority in the year 2035.

TRANSPORTATION SYSTEM NEED	TODAY			IN 2035		
	LOW	MEDIUM	HIGH	LOW	MEDIUM	HIGH
Congestion Relief on Major Roadways						
Improved and Expanded Public Transit Service						
Additional Public Transit Amenities (Sidewalks, Bus Shelters, Park and Ride Lots etc.)						
Commuter Rail from Atlanta to Lovejoy						
Improved Sidewalks and Crosswalks						
New or Improved Bicycle Facilities (On and Off- Road)						
Better Land Use and Transportation System Coordination						
Maintenance of Transportation System						
Improved Connectivity Between Vehicles, Walking, Biking, Transit						
Speed Control on Roadways						
Right-of-Way Preservation for New Construction or Widening of Roads						
Expanded and Improved Use of Intelligent Transportation Systems (ITS) (i.e. Changeable Message Signs, Traffic Signal Coordination)						
Dedicated Truck Only Lanes on Interstates						
Additional Grade Separations (Overpass or Underpass)						
More Mixed-use and Transit Oriented Development						

Please use the space below to expand on any of the items above (i.e. specific problem locations, potential solutions, etc.):

You may turn your comment form in to a study team member at the meeting or return it to Mary Huffstetler, MPH and Associates, Inc., 218 Pebblebrook Lane, Macon, GA 31220 or by fax at (478) 477-7332.
