

# We're here to help.

COVID-19 information and no-cost, drive-up testing.

The Centers for Disease Control and Prevention and state and local public health agencies are reporting more African American and Hispanic COVID-19 hospitalizations and deaths, compared to other ethnic groups. Keep yourself, your family and your community safe by staying informed and sharing this material with others.

## Staying healthy:

1. Avoid close contact with others and stay at home if you can.
2. Wash your hands with soap frequently, for 20 seconds or more.
3. Wear a cloth face and nose cover when around others. Don't use a mask intended for health care workers.
4. Cover your mouth and nose with a tissue or cloth face covering when sneezing and coughing, and wash your hands immediately.
5. Clean and disinfect surfaces daily, including doorknobs, phones and faucets.

## COVID-19 testing:

If you have symptoms of respiratory illness, including high fever, cough and shortness of breath, or have been in contact with someone with these symptoms, contact your primary care provider or local health department. Then, take our online quiz at [CVS.com/minuteclinic/covid-19-testing](https://www.cvs.com/minuteclinic/covid-19-testing) to see if you qualify for COVID-19 testing. If your symptoms change or worsen, contact your doctor or health department again.

For additional info, visit the CVS Health® COVID-19 Resource Center at [CVSHealth.com/covid-19](https://www.cvshealth.com/covid-19)

### CVS Health® COVID-19 testing is:

- For high-risk patients age 18 or older who live in the state in which testing is performed
- Only performed on patients who schedule an appointment that day and drive up
- Collected by swabbing the nasal passage

### If you need a COVID-19 test:

---

Take our online quiz at [CVS.com/minuteclinic/covid-19-testing](https://www.cvs.com/minuteclinic/covid-19-testing) to see if you qualify for COVID-19 testing.\*

---

Choose a test site and time.

---

Bring your mobile phone, test confirmation email or text message, and proof of identity, birthdate and in-state residence.

---

When you arrive, stay in your car.  
We will give you directions.

Get FREE delivery of Rx and other essential items from CVS Pharmacy® at [CVS.com/Content/Delivery](https://www.cvs.com/Content/Delivery)

\*If you live in a state where we do not yet offer testing, contact your primary care provider or your state's Department of Health to find out how to get tested.
